

"NEW WAR WITH NEW OPPONENT WITH NEW ARMY" IS MANNER IN WHICH MACARTHUR SUMS UP THE PRESENT SITUATION; MAKES CHARGE AGAINST COMMUNIST CHINA

Says U. N. Forces "In State of Undeclared War" With Chinese Reds

QUESTIONS ARE POSED

Enemy Poses New Threat To Cut Off The U. S. 10th Corps

By Howard Handelman
(Far Eastern Director, I. N. S.)

TOKYO, Dec. 2 — (INS) — Gen. Douglas MacArthur announced today that United Nations forces have become involved in a "state of undeclared war" with a half-million Chinese Communists through "design" on the part of the Reds.

MacArthur charged that China's Red army decided to help North Korea if necessary when the latter country attacked the South Korean Republic across the 38th Parallel last June 25. Nevertheless, he added:

"This in my opinion is a new war with a new opponent and a new army."

The supreme commander's new charges of aggression against Communist China were in the form of a question-and-answer statement to correspondents, in which he also brushed aside contentions that he had exceeded his authority or that all-out Chinese intervention might have been avoided.

Meanwhile in North Korea the Chinese Reds and their North Korean allies—650,000 strong—posed a new threat to cut off the U. S. Tenth Corps in northeast Korea from the Eighth Army by driving east to within 45 miles of the east coast port of Wonsan after capturing Songchon and Yangdok on the main road to the supply port.

TOKYO, Dec. 2 — (INS) — Gen. Douglas MacArthur announced today that the United Nations are in a full undeclared war with the Chinese Communists.

The United Nations commander released a lengthy statement in question and answer form in Tokyo, while an officially estimated 650,000 Chinese and North Korean Communists continued their assault on "overwhelmingly" outnumbered forces of 13 members of the United Nations in North Korea.

The latest Red move was a direct threat to cut off the entire U. S. Continued on Page Four

Report Attempt to Steal Truck From Front of Store

An attempt to steal the truck of the Beaver Food Market, Beaver and Spring sts., last night, was reported to the police.

Joseph Mangiaracina told the police that he had just left the truck outside of the store for a moment. He heard a truck moving and ran outside to find it was his truck. The man driving it jumped out, as the truck hit a porch step on Jefferson avenue just around the corner from Spring.

Mangiaracina caught a man on the porch of the house but the man denied having anything to do with the attempted theft.

The truck was slightly damaged.

Cong. Lichtenwalter Named Manager of Electric Ass'n

PHILADELPHIA, Dec. 2 — (INS) — Cong. Franklin H. Lichtenwalter, representing the Lehigh-Bucks congressional district, has been appointed managing director of the Pennsylvania Electric Association. The appointment was announced in Philadelphia by George R. Conover, president of the association. Lichtenwalter succeeds A. B. Millar, who retired. A native of Center Valley, he was elected to the State House of Representatives in 1928, and rose to Republican majority floor leader. He went to Congress in a 1947, special election, and was re-elected in 1948, but did not run for re-election this year.

CITY COMES BACK

PORTLAND, Ore., — (INS) — The captain of one of the first ships since the war in atom-bombing Hiroshima reports the city has made a strong comeback and is half rebuilt. Captain S. Yamamoto asserts the city's largest industry, the shipyard and engine works, has revived to such an extent that it now has 4,500 workers and three ships on the ways. His ship, the S. S. Tarushima Maru, is a 7,400-ton freighter on the "wheat run" between Portland and Japan. It carried 6,000 tons of wheat to Japan after making its first port of call at Portland.

Air Force Accepts Those With Dependents

It is announced by S/Sgt. Charles Kinsey of the local Army and Air Force Recruiting Station that the Air Force will now accept volunteers with dependents.

"This presents, to young married men, a chance to stake out a future for their families with no fear of insecurity. Men who volunteer now will be getting in on the first stages of the expansion of our Air Force and, therefore, will have great opportunity for rapid promotion," said Sgt. Kinsey.

"The recruiting sergeant will be glad to explain the latest provision of enlistments in the Air Force to interested men who call on him. Men with prior service in the Army, Navy, Marines or Air Force should be particularly interested as they may be entitled to enlist in higher grades in addition to being eligible for enlistment with dependents."

"Men with dependent parents or other dependent family members are included in this opportunity for a career in the Air Force," continued the Sergeant, "and they need not worry about their dependent relatives' welfare while they are serving."

During a dinner meeting of the Kiwanis Club of Doylestown, at the Fountain House there, Tuesday evening, some of the things that happened at Forest Park, Chalfont, during the 1949 season, were related by Richard F. Lusse, owner of the park.

Kiwanian Lusse's classification talk on the amusement park business was coupled with a pep talk on service club operation. He said that he liked to think of Kiwanis standing for "Kids" . . . doing more and more for the youth of a community.

He illustrated his point however that in his business he must deal with "little kids" and "big kids." Then he enumerated some of the things done by "big kids" during the park season.

WORLD NEWS IN BRIEF

President Truman charged that Chinese intervention in Korea was an assault on the entire free world "to further the imperialist designs of the Soviet Union" and asked Congress for an additional \$17,850,000,000 to increase the nation's military power. The new request would raise current military spending to about \$49,000,000,000.

The new funds would make it possible to build up the armed forces to 2,700,000 men by June. The Atomic Energy Commission would get an additional \$1,050,000,000 to increase production "substantially." The Selective Service System will order 50,000 more men to Army training camps in February. Mr. Truman announced that former Governor Caldwell of Florida would serve as Civilian Defense Administrator to map plans for safeguarding 150,000,000 civilians in the event war hits these shores.

After a conference with the head of the Chinese Communist delegation, India's representative at the United Nations said Peiping "also would like a peaceful settlement" of the present grave situation and he "still" had hopes that such a result could be achieved.

Thomas L. Leedom Co. To Have Exhibit at Trust Co.

The second commercial exhibit by business houses and manufacturers of this area will be on view in the lobby of The Bristol Trust Company, Radcliffe street, beginning Monday.

The exhibit, which will continue for two weeks, will be that of Thomas L. Leedom Company. The public will have an opportunity to view the display from Monday, Dec. 4th, until Friday, Dec. 15th.

This will be a "walk-in" exhibit, open at one end. Leedom firm rugs will be on the floor, with an attractive background of rugs also arranged. There are also to be shown rug samples.

In all, 28 concerns have agreed to co-operate in the commercial exhibits, each for a period of two weeks. They will thus extend for a period of more than a year.

ESTIMATE U. S. STEEL WILL EMPLOY 4,000

Work of Soundings for The Plant Progressing; Tenants May Soon Vacate

EMPLOYEES LOCALITES

It is estimated that between 4,000 and 5,000 workers will be employed at the opening of the proposed Penns Manor plant of the United States Steel Corporation. Work of making soundings for the plant has been progressing, and shortly after the first of the year tenants now on the property are expected to vacate so that the work of plant construction can get underway.

It has been revealed by responsible sources that the first building project on the 3,800 acre mill site will be a finishing plant. This decision, it was indicated, is linked to the nation's stepped-up defense production program.

The corporation, a spokesman said, is planning to recruit many of its employees in this area. Construction concerns also were expected to seek many of their workmen locally.

Irving S. Olds, corporation board chairman, recently said the first operation here probably would be a finishing mill. This would take rough steel slabs, billets and similar pieces for finishing into sheets, rods and rails and possibly wire and tubing.

These would go out for sale to industry generally or for completion into steel products by corporation units.

Government defense materials also seem likely to be supplied from the finishing mill. Benjamin F. Fairless, corporation president, recently said defense requirements would have an important bearing on plant plans here.

There are no immediate preparations for receiving employment applications, it was learned, but these arrangements will be made soon after the year-end.

MORRISVILLE TO ASK \$50,000 BOND ISSUE

Zoning Amendment Approved Establishing A Class "B" Business Dist

NEW STREET LIGHTS

MORRISVILLE, Dec. 2 — Borough council Tuesday night voted to seek a \$50,000 bond issue for a complete emergency drainage system.

Installation of new street lights was authorized for the new borough parking lot on Railroad avenue. A zoning amendment calling for the establishment of "B" business district on Chambers street, between Washington and S. Pennsylvania avenue, and that section from E. Bridge at south to the S. Delmor avenue railroad bridge was approved.

Morrisville's long sought plan for an auxiliary water supply system came a step closer to fruition Tuesday night when borough council voted (four to two) to purchase a 92x125-foot tract of land in Falls Township for a proposed well site.

The motion was introduced by Councilman Nicholas T. Mislán, with Councilmen Theodore R. Evans, James Walsh and William Anderson concurring. Councilmen Albert C. Greco and Edwin W. Greenlee opposed the measure. Harry M. Lair, council president, and Councilman Edward R. Roberts, Jr., were absent from the meeting.

A previous vote on the proposal ended in a (four to four) deadlock, with Lair and Roberts voting in the negative.

The well site, located about a half mile south of the borough line, has been approved by the Layne New York Co., a well firm, Borough Engineer Harry H. Lee, Jr., was authorized to survey the site and proceed with an application for approval of the site from the State Department of Health.

Mrs. Hartley Jacques Dies at Parkland Home

PARKLAND, Dec. 2 — Suffering from a heart ailment for several years, Mrs. Alice Jacques, 48, died at her Sunflower avenue home yesterday. She was the wife of Hartley Jacques.

Others surviving are a daughter, Mrs. Albert Rigger; a grandson, George Rigger; a sister, Mrs. William Massey, Newark, N. J.; and four brothers, William Dalton, Miami, N. J.; Robert Dalton, Miami, Fla.; Samuel and George Dalton, of England.

The deceased was a member of Parkland Community Church. The pastor of that church, the Rev. Roger Hillis, will conduct the service at the Horner funeral home, Langhorne, at two p. m. Monday. Burial will be made in Forest Hills Cemetery, and friends may call Sunday evening.

"Our Tax Dollar" Is Subject Before Club

YARDELEY, Dec. 2 — "Our Tax Dollar" as discussed by Augustine Leedom, Makefield township supervisor, when he appeared before members of Makefield Women's Club in the Makefield school on Wednesday evening.

There were many questions asked later, which Mr. Leedom answered. Hostesses for the affair were Mrs. C. Fred Koenig, 3d, Mrs. Walter Clayton, Mrs. William Breece, Mrs. Robert Hastings, Mrs. Melvin Kneeshaw and Mrs. Norman Schwartz. The first executive board meeting of the group was held at the home of the president, Mrs. Lester R. Smith.

The next art and craft department meeting will be held on Saturday at the home of Mrs. Frank Lafe.

Mrs. Lester Mitchell, chairman of the welfare committee, has announced that much clothing has been collected, especially children's garments, which will be given to the school for distribution where needed.

TOLD TO GO TO WORK OR BE SENT TO JAIL

William E. McElroy, Sr., Is Sentenced for Not Meeting His Family Obligations

TOLD TO GET A JOB

TRENTON, Dec. 2 — Charged with allegedly deserting his wife, William E. McElroy, Sr., 30, of Bristol, yesterday in Mercer Court, was told to go to work or go to jail by Judge Charles P. Hutchinson.

McElroy, who offered the loss of his eye as an explanation for neglecting his family obligations, was sentenced to 18 months in the workhouse. However, the court said it might temper the sentence if the defendant would find employment within 30 days.

His plea for mercy, based on his visual impediment, was received coldly by Judge Hutchinson who attributed McElroy's condition to a chronic indulgence in alcohol which resulted in a drunken fracas and loss of the eye.

TWO TRENTON MEN ARRESTED IN THEFT OF LIQUOR FROM HUNTER DISTILLERY

TRENTON, N. J., Dec. 2 — Two local men are under arrest here charged with the alleged theft of liquor from the Hunter-Wilson Distillery at Bristol. The men are John W. Grier, 43, of Dunham street, near Calhoun, and Thaddeus Patterson, 34, of Cooper street.

The arrests were made by Alcoholic Beverage Control Agents Nelson Odyke and Charles Perry. The agents said they arrested Patterson as he climbed out of his car in front of the Grier home. They said he dropped a dozen pint bottles of whiskey which bore no federal stamps.

The agents, accompanied by a local police officer, entered Grier's home and arrested him. Grier was released in \$1,000 bail on charges of aiding and abetting the sale of unlicensed liquor.

Patterson, employed as a janitor at the Wilson Distillery, according to police, was charged with transporting and selling untaxed liquor and released on \$2,000 bail.

A former army officer, Patterson has never been in trouble before according to members of his family, who said he had a "splendid war record."

The raiding agents said theft of liquor from the Bristol distillery have been occurring since June at the rate of about two cases a week.

Stating they had been investigating a "Trenton angle in the liquor thefts," the agents said they had Grier's house under surveillance for approximately two weeks.

Philadelphia — Four children in one family perished today in a fire which swept a four-story South Philadelphia apartment house and routed some 50 tenants. The fatal victims, children of Orlando Ektor, died in their beds in a third floor apartment. Burned beyond recognition they were Emma, six, Frank, 12, Robert, 14, and Juanita, 15. Ten other persons suffered various injuries, either through smoke inhalation or leaps to safety from windows and were taken to two hospitals. Origin of the blaze was not immediately determined.

LANGHORNE FIREMEN IMPRESS UPON COUNCIL THE SERIOUSNESS OF THE WATER SITUATION IN THAT BOROUGH

Fire Fighters Claim Water Co. Officials Did Not Notify Them That Supply Was in Danger of Stoppage or Getting Low — Council to Contact Public Utility Commission Apprising of The Facts in The Case.

LANGHORNE, Dec. 2 — A delegation from the Langhorne Fire Company attended borough council meeting last evening to see what council can do about the water situation in the borough. Other routine business was discussed. Paul B. Benatch, president of council, presided.

The delegation from the fire company told council that the borough was without water last Sunday from 7:30 in the morning until five o'clock that same night. "The water company never notified the fire company that the water supply was in danger of stoppage or that the supply in the tank was getting low. If a bad fire had started during this period a serious catastrophe could have developed in the borough," the delegation stated.

Burgess George C. Mather, reported that the power went off in the borough between 5:15 and 5:20 p. m., Saturday because of the storm. The electric power came on in the borough, but the water company still did not have any electric power to run its pumps. Burgess Mather stated that he had contacted the water company about such and it claimed that the water situation did not become acute until the tank was empty. "This was a serious problem and something should be done so that it will not happen again."

Council members discussed what could be done about the lack of water and the water situation in the borough in general. Members decided to send a letter to the Public Utility Commission stating all the facts of the case and the length of time there was no water.

RED CROSS AIDS THE MILITARY PERSONNEL

Method of Helping With Varied Problems Explained By A. Menna

LOCAL CLUB SPEAKER

Varied problems of military personnel and their families, and the manner in which the American Red Cross can and does assist them, occupied a half hour's talk yesterday afternoon by Angelo F. Menna, field director of military services for the Red Cross. Mr. Menna appeared at the first meeting of the Travel Club for December, and at the conclusion of his discourse gave clarification as to what service folk should expect free of charge from the Red Cross, and emphasized that stories are false where the Red Cross has been credited with selling certain items to service folk.

"The Red Cross gives cigarettes free of charge in hospitals in this country, and given cigarettes free to all personnel overseas" was one point given emphasis. "Every package of cigarettes which the Red Cross handles bears the label 'This is the gift of the American Red Cross—Not to be Sold.' You can't buy Red Cross cigarettes from an authorized Red Cross worker who is doing his duty properly. Our organization has made mistakes for the individuals who make up the Red Cross are human. But the good we do far over-shadows any mistakes made" stated Mr. Menna.

The stories which emanated from World War II to the effect that the Red Cross sold blood was "scotch-ed." "How could we sell blood? We didn't even handle it. We turned it all over to the army," he added. The great needs at Valley Forge hospital, Phoenixville, were outlined. "There are over 850 patients there now, practically all 17 and 18 years old. All the parties that they can get into the closed wards are sorely needed. We have 21 scheduled for December alone."

ONE MAN'S OPINION

By Walter Kierman
(Distributed by International News Service)

The nation's educators want a couple of TV channels saved for them but I can't see my old school teacher in a plunging smockline.

Even now there is educational value in television . . . know a two-year-old who can run right through the alphabet A, B, C, D, Faye, G, H, and so on.

But if the kids have been spending too much time watching TV, education would be the drastic cure.

That will be the day . . . when the kids are dragged, squawking and screaming into the TV room and ordered to "Watch that screen until I tell you you can quit!"

Three youngsters in my neighborhood have taken the customary precautions against that evil happening. . . . They have written Hop-a-long to keep his horse saddled and wait by the big tree for further instructions.

Getting the channels might not be as big a problem as getting people to watch them. . . . The If Berle has a bigger appeal than books it's because the bookmen haven't polished up their act.

The slogan of show business is not "Always leave 'em yawning when you say goodbye!"

CONGRESS THE HOPE

Cluttered by lame ducks though
it is, the special session of the 81st
Congress will close the 150th year
of the national legislative body in
Washington, D. C. No previous
session faced more grave problems,
or was more ill equipped to
meet them.

The first Congress convened in
New York City in 1789, moved to
Philadelphia in 1790 and created
the District of Columbia as the
seat of government. By 1800 the
nation's capital was ready.

That year John Adams moved
into the partially built "President's
House" and the executive branch
set up shop. The Post Office De-
partment in those days had nine
employees on the payroll. The
executive department had a total
of 69 employees, compared to
more than 2,000,000 today.

When Congress met in Wash-
ington in 1800 only the north wing
of the Capitol was in use. A tree
was felled across a creek to give
members access to the building.
Washington then was a city of
4,000 houses and a population
of 3,000, land was 25 cents per
square foot and Pennsylvania
Ave. was a bush-covered morass.

John Adams said in his address
to Congress: "In this city may
piety and virtue, wisdom and
magnanimity be forever held in
veneration." And the House, in
reply to the President's address,
echoed his hope that the new seat
of government would always be
"the residence of happiness and
virtue."

Congress is the hope of repre-
sentative government. An execu-
tive department with too much
power is an enemy of the people,
while the integrity of the appoint-
ed Supreme Court depends on the
integrity of those making the ap-
pointments. But Congress directly
represents the people themselves,
and when the voters fail to turn
out members who are unfaithful to
their constituents and become
bootlickers for an overgrown and
arrogant executive department
which is also shot through with
disloyalty, they fail to act at their
peril.

HONORING MARRIAGE

In these days of divorce and
broken homes special attention
should be called to a recent gala
day in Parsons, Kans., in which
the community turned out to
honor three couples who were ob-
serving their sixtieth wedding
anniversaries. A crowd so large
it filled the sanctuary to one of
the leading churches attended a re-
ception arranged by a women's
society.

Asked to give their rules for
long and happy married lives, all
agreed understanding and con-
sideration for each other was most
vital. Life was more simple when
they were wed, and there wasn't
so much to worry about. "Those
who get married with the inten-
tion of living together and making
it a 50-year job will have no
trouble," declared one of the
women.

Those who exalt marriage, who
take its vows seriously, have found
the real joy to be had in society's
greatest institution, which still re-
mains the hope of the world.

IRON AID

NEW YORK—(INS)—A new de-
vice for your home makes ironing
day much easier. It's a clothes
sprinkler that makes bottle-shaking
obsolete. This device is on the end
of a hose that can be slipped over a
faucet. All you have to do is push
the button and the sprinkler pro-
duces a fine mist, dampening your
clothes evenly.

ROLL MAKERS

NEW YORK—(INS)—To give
home-made rolls a professional
look, you can buy a roll cutter to-
day. Here's the way it works:
Make the dough for the rolls and
spread it out ready for cutting.
Then pick up the cutter and use it
just as you would a cookie cutter.
The cutter has four prongs, and
makes professional-looking dents in
the roll.

Want Ads cover and discover a
multitude of needs.

DELHAAS HAD VERY SUCCESSFUL GRID SEASON

The Delhaas high school football team recently completed its third undefeated and untied season in Lower Bucks County football competition. The team composed of students of the 7th, 8th, 9th and 10th grades meets the junior varsity teams of high schools in the area.

John Antoni is head coach of the eleven and is assisted by Bert Ellis. Stanley Dick is athletic director. The trio graduated from West Chester State Teachers College.

During the past season, Delhaas scored 170 points and held its opponents to 30 points in Lower Bucks competition. It also played two games against the Bordentown Manual Training School Jayvees, losing one and deadlocking the other. In the latter tilt, Delhaas was but six inches away from a touchdown when the tilt ended.

Joe Muth led the scorers of the team with 92 points. The 178-pound fullback scored 13 touchdowns and 14 points after touchdowns. Jack Gleason had five touchdowns with Bob Whitcoe getting a quartet. Bob Morris counted twice while Les Gibbs, Bob Kaizer and Jack Petro had one each.

Muth is the most-sought after high school back in Lower Bucks County today. Fans generally rate him with the best in the county. Most of his runs were of 30 yards or more. He is a triple-threat star and punts and passes in the neighborhood of 50 yards. Last year during the Lower Bucks Junior High track meet he won the 100 and 220 yard dashes and broke the shot put record by seven feet, heaving the shot 46 feet.

Jack Gleason bore the brunt of the attack on going through the middle. All of his scores were the result of slicing through the line.

Gibbs, at quarterback, handled the plays in fine style while when Muth and Gleason were being closely watched, Bob Whitcoe did the ball-carrying.

The forward wall played excellent ball all season with co-captains Bob Kaizer and Bill Cummings being the biggest incentive to the team.

Members of the varsity team were: Kaizer, Cummings, Muth, Gleason, Gibbs, Francis Schade, Frank Linck, George Conn, Whitcoe, Robert Schrey, Ronald Selleck, Kenneth Alfrey, Donald Turner, Robert Morris, Robert Kraus, Jack Petro, Larry Katz, Roderick Cary, James Bastran, and Joseph Gleason. The first twelve named will graduate next June.

The scoring record is as follows: Delhaas 6, St. Francis J. V. 6, 6 Bordentown Man. J. V. 24, 6 St. Anthony J. V. 7, 6 Bordentown Man. J. V. 6, 29 Bensalem J. V. 12, 27 Pennsbury J. V. 12, 22 Morrisville J. V. 12, 22 Bristol J. V. 68.

Eight cheer-leaders accompanied the team to most of the games while training meals were also part of the program.

Deer Bagged Are In Excellent Condition

That deer this season throughout Pennsylvania and nearby states are well fed, is manifest by the excellent condition of the game. According to operators of the M. E. H. Locker, Bath road, the 22 specimens received there for processing from Monday until yesterday show that they have had ample food.

The game was bagged by hunters from Bristol borough, Bristol township, Langhorne and Morrisville. The deer average 100 pounds dressed, with the largest tipping the scales at 165 pounds. This, a buck, was killed in Virginia.

On the first day of the season, last Monday, the first deer arrived at the locker, this being bagged at Jericho mountain.

Most of the game was secured in Pike, Tioga, Potter, Bradford, Luzerne and Cameron counties.

"New War With New Opponent With New Army," Says MacArthur

Continued from Page One 10th Corps in northeast Korea from the Eighth Army defending Pyongyang.

The Communist hordes suddenly wheeled east in their massive counter-offensive and seized two key towns 23 miles apart on the main road between the former North Korean capital of Pyongyang and the east coast port of Wonsan.

The Eighth Army announced the loss of Songchon, 29 miles north-east of Pyongyang, and Yangdok on the main road to Wonsan, where the U. S. 10th Corps is based. A spokesman said:

"Many enemy troops are reported moving east jamming the roads out of Yangdok," which is 45 airline miles from Wonsan.

In his statement MacArthur made the following major points:

1. Recent United Nations reverses are "due entirely to the overwhelming strength of the enemy."

2. The risk of intervention by Red China was "inherent" in the United Nations action of last June ordering MacArthur to repulse North Korea's aggression against her neighbor to the south.

3. "It would be a grave mistake to attribute to any incidents of the campaign the momentous action of launching war which has been taken by the Chinese army."

4. "A state of undeclared war between Chinese Communists and United Nations forces now exists."

5. He "sincerely hopes" the entire problem can be settled by negotiation.

"Settlement of international issues by peaceful rather than military means is always to be desired."

6. The United Nations hold 145,000 Communist prisoners of war but only 200 of these are Chinese.

7. He has not asked authority to use the atom bomb or to bomb Manchuria.

8. United Nations air and naval superiority is "narrowly limited" because of "the fact they cannot operate against any element of the Chinese forces not immediately situated in North Korea." Tactical air power "can only be regarded as auxiliary and not a decisive influence."

Red Cross Aids The Military Personnel

Continued from Page One Present needs there (with donations gratefully accepted) were mentioned, these including: phonograph, Christmas tree ornaments, three large punch bowls, etc. The excellent work which the Red Cross canteen workers and the "gray ladies" are doing was the subject for favorable comment, as

was likewise the arts and skills program conducted by the Red Cross. "One of the boys, a neuro-psychiatric patient, said to our worker in a skills course the other day 'This morning has passed so fast.' That course means a lot to men of that type, and the beauty of it is that in addition to helping to rehabilitate them and helping the time to pass pleasantly, a skill is being taught by which they can earn their living. Anything you can do you should continue, and think of it on a year-round basis."

The varied duties of Red Cross personnel were listed, among them being: setting up sewing units, mending services, Christmas wrapping service, staging Christmas and other type parties, aiding hospital patients in many ways; assisting military personnel and their families in emergency cases; distributing comfort items to service men.

Mr. Menna, who was introduced by Mrs. George W. Wright, chairman of public welfare committee of the club told of his pleasure in representing the American people in field stations. At the outset he told of his duties in covering military installations in Philadelphia and surrounding area. "Our job as representatives of the Red Cross, has tasks ranging from making personal needs known to securing tickets for shows for the men."

Some specific cases were cited. One was that of sailor, divorced from his wife, and worrying over whereabouts of his little daughter. The Red Cross was able to secure the address of the child and her mother, and arrange for the sailor father to be present before the child underwent a serious operation. Cases where men are aided to secure discharges (if eligible for such) were mentioned. The club women were told how comfort items, toothbrushes, toothpaste, and the like are purchased in bulk by the Red Cross to give the men. "You'd be surprised at the number of men who come back into the service minus such small personal items. We give them as outright grants."

The difference was explained in cases eligible for financial loans, and those where outright money grants are given. Mr. Menna explained that money is loaned where men need it for transportation in times of emergency leaves, but not loaned where regular leave occurs, inasmuch as it is felt they have had opportunity to save for such instances. In certain emergencies outright grants are given families.

Work of setting up quarters at Lacey Park for those families hard-hit by Saturday's hurricane was told. The sending of tarpaulins to Bristol during the storm was also mentioned by the speaker.

"Just now I am aiding in setting up a naval blood bank at the Philadelphia Navy Yard."

Gaily-wrapped Christmas gifts, donated by members, were taken to Valley Forge hospital yesterday by Mr. Menna.

Music for the afternoon included piano solo, by Miss Eleanor Scheetz, and vocal solo also by Miss Scheetz, "Will-o-the-Whisp" and "Carmena." Mrs. Joseph J. Korz was the accompanist.

The club president, Mrs. Elwood Goslin, read to the membership the budget for the year. During the balloting for new members the tellers were Mrs. Paul Gleichman and Mrs. Robert Wright. It was announced that the Christmas party is to include a surprise program, each member to take a 25c gift for exchange.

The club voted to donate material and sewing supplies toward the army reorientation program in Europe. The executive committee, which met early in the afternoon, authorized the sponsorship by the club of a Girl Scout troop. The leader is to be Mrs. Carey.

Hostesses presiding at the tea table were Mrs. Serrill D. Detlefson and Mrs. Harold Hunter.
